

Atts, Turin's Historical Tramways Association is a non-profit association open to private individuals and public institutions. It was founded in 2005 to promote the tramway as an historical and cultural resource for the city, besides being a durable and environmentally friendly means of transport. It is partner of Gtt - Gruppo Torinese Trasporti , with the aim to create a "running tramway museum" where historical tramcars do not lie still in a depot but run every day, offering to both visitors and residents the emotion of a unique trip through culture and history.

**Many historical vehicles restored**

Our tramcars, often rescued from the **scrapyard**, were built between 1904 and 1960 and

have traced the **history** of public transport. We have restored and saved cars from Turin, Rome, Bologna, Trieste, Naples, Milan and even **Munich** (Germany). Alongside the trams is the magnificent **double-decker bus CV61** by Viberti, the icon of Italia '61 exhibition, splendidly restored to as-new condition!

**Tram means culture**

Atts takes part to several **cultural, educational** and **beneficial activities**. Telethon, FAI – the Italian Fund for the Environment, Turin's Chamber of Commerce, ASI - the Italian Historical Automobile Club and many Street Associations are just some among our many partners.

The project “In classe sul tram storico” (**with the school on a vintage tram**) takes children and boys to discover the city from the windows of an historical tramcar.

*Join Atts, become one of us.*

The association is only supported by the **voluntary work** of members and the **donations** of private individuals. Your help is essential to recover, restore and service historical trams. You can donate 5% of your income, but that's not all. For only 30 euro per year (15 for the under 18) you will be entitled to **great discounts** on gadgets, books, tramcar rentals, you will take part to all exclusive events, tours and special outings with vintage cars for members only and will access the restricted areas of our website.

And if that's not enough, ask us how to cooperate actively: **your help is also needed!**

*Many opportunities to ride on a vintage tram*

**Trolley Festival** (in December) and **Atts Show** (in June) are the main events, but there's a lot more on. The **historical route no. 7**, introduced by Atts and operated by Gtt, runs on Saturdays, Sundays and during peak tourist periods. On Sundays you can often see us around town, hop on one of our vintage trams and **enjoy an unusual tour** of the city.

For constantly updated information visit our **website** or follow us on the most popular **social networks**.

*Help us keep the memory alive*

Atts is always looking for **vintage tramway stuff** such as tickets, postcards, pictures, uniforms and... memories. Both **donations** and **loans** are welcome, we will make a digital copy and give the real thing back to you. We also listen with pleasure to memories, experiences, anecdotes because **nothing deserves to be forgotten**.
